

RedLABEL

## THE DEPTHS OF DEEP WATER

### Mystery - Introspection - Tranquility

Deep water is a captivating shade of **dark blue**, evoking mystery and tranquility. This color mirrors the vastness of oceans and lakes, inviting us to explore its depths. It embodies calmness and introspection, reminiscent of serene moments spent by the water's edge.

The interplay of light on dark waters creates an enchanting allure, drawing us into a world where time stands still and nature reigns supreme.

## THE FRESHNESS OF MINT GREEN

### Freshness - Vitality - Rejuvenation

Mint green is a refreshing burst of **soft green**, reminiscent of springtime blooms and new beginnings. This color exudes vitality and rejuvenation, bringing to mind images of lush gardens and cool breezes. Its gentle tones inspire feelings of serenity and balance, making it a perfect choice for spaces that seek to evoke calmness.

Mint green refreshes the spirit, inviting us to embrace renewal and the beauty of nature's palette.

## THE COLOR OF CHERRIES

### Warmth - Passion - Energy

The vibrant hue of cherries captivates with its **luscious red** tones, evoking feelings of warmth and passion. This color, reminiscent of ripe cherries glistening in the sunlight, is a celebration of life and vitality. Its rich, pinkish-red essence radiates energy, drawing the eye and stirring the heart.

Cherry symbolizes love and enthusiasm, making it a favorite in art and design, where it ignites excitement and evokes a sense of joy.

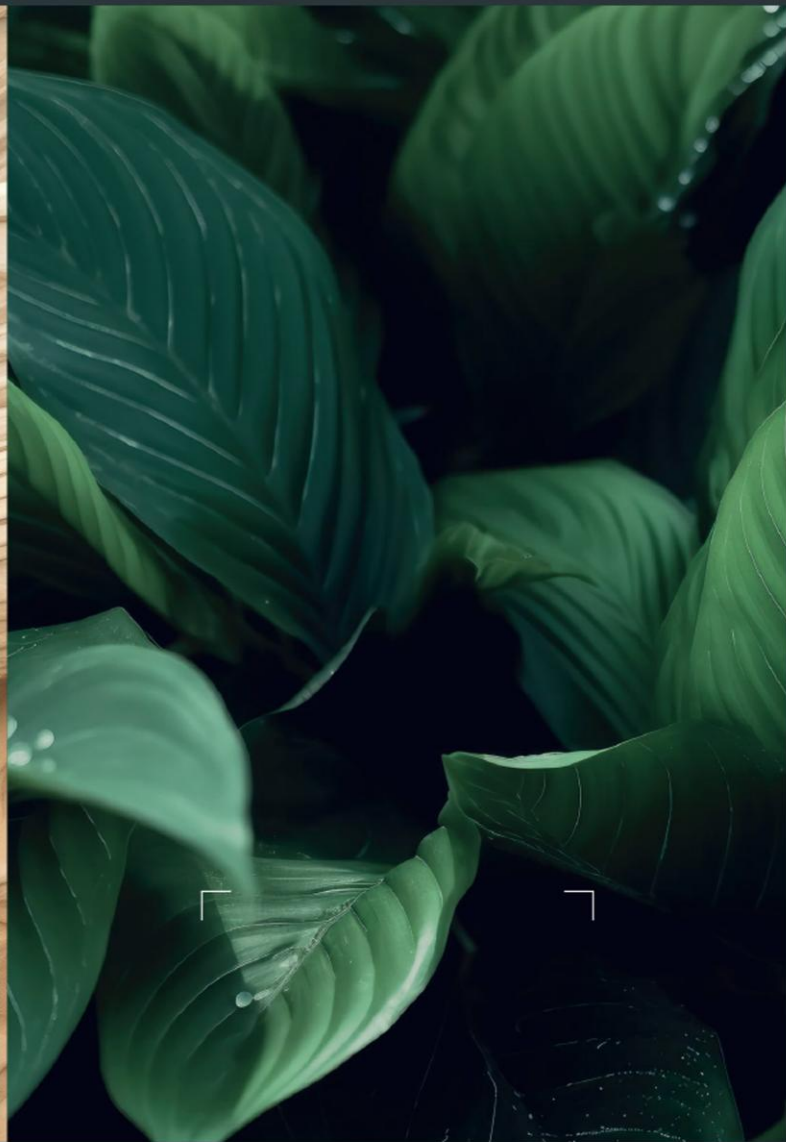

## THE ALLURE OF DEEP RED TULIPS

### Love - Desire - Fervor

In the heart of spring, when nature awakens from its slumber, the deep red tulip emerges as a breathtaking emblem of passion and vitality. Its velvety petals, kissed by the sun, radiate an enchanting brilliance that captivates the senses.

The deep red hue, reminiscent of a **romantic sunset**, evokes feelings of love and desire, drawing admirers closer to its stunning beauty. In their presence, one cannot help but feel uplifted, inspired by the sheer magnificence of this symbol of elegance and fervor.

## THE ESSENCE OF FOSSIL DUNES

### Nostalgia - Peace - Universality

Fossil dunes present a mesmerizing palette of **earthy beiges** and soft browns, echoing the whispers of ancient landscapes. These colors, shaped by time and nature's artistry, evoke a sense of nostalgia and connection to the earth's history.

The gentle undulations of sand, fossilized over millennia, create a serene canvas that invites contemplation. Each hue tells a story of resilience and transformation, reminding us of the beauty found in the passage of time.

## THE LUSHNESS OF JUNGLE LEAVES

### Lush - Growth - Exuberance

The deep greens of jungle leaves envelop us in a world brimming with life and vibrancy. This color embodies the essence of **nature's exuberance**, where sunlight filters through dense canopies, casting playful shadows on the forest floor.

The lush foliage speaks to growth, renewal, and the untamed spirit of the wild. Each leaf, with its rich texture and varying shades, creates a harmonious symphony that resonates with the heartbeat of the jungle.

## ACRYLAC ETM

Obtained by an extrusion process of layers of ABS (copolymer of ACRYLONITRILE, BUTADIENE, STYRENE) and of impact modified, **ultra-matt, satin, ESCR** (Environmental Stress-Cracking Resistant) PMMA (polymer of METHYLMETHACRYLATE) for a premium look.

The choice of ABS allows attaining good mechanical strength, good rigidity, and very good physical properties in the coextruded sheet. The layer of PMMA gives the product an excellent matt and satin appearance, high resistance to abrasion, and protection from UV rays in the outdoor use, where it slows ageing and color change.

The **satin finish** of this product adds a warm soft touch feeling. The special acrylic **high stress resistance** makes this product particularly suitable to make deep bathtubs, and **enhanced UV stability** allows for longer lifecycle of the finished product. Colour matching is available as is cut to size dimensions. It comes with a thermoformable protective PE film.

## CORTINA EMBOSSING

Our exclusive stone-like texture **Cortina (GP)** has been designed to open new horizon for thermoformed shower trays and wall panels, inspired by the fascinating landscapes and rocky heights of **Cortina d'Ampezzo** on the Dolomites (Italian Alps).

Extruded in a multi-layer configuration, it is at its when combined with our **ETM acrylic** material. Its matt acrylic cap offers our industry leading ageing performance and a **soft, warm touch**. The soft movement of the pattern combined with **variation in depth**, make for a realistic stone effect, whilst allowing for **easy cleaning** of the finished product. Available in matching color and wide dimensions, this product is adapted for outdoor or indoor installation. It comes with a protective PE film, peelable after thermoforming.
