EMBOSSING FIRENZE

PRODUCT

MP3's cowhide grain pattern, the **embossing Firenze** (GJ), offers a contemporary design for dashboard, automotive internal parts or cabin covers. It was inspired by Florentines **leather goods** which represent the "made in Italy" par excellence. It has been developed with the **photo-engraving technique** for a flawless design pattern. This **cylinder** is highly appreciated in the **automotive sector**, it has a deep incision to insure realistic cowhide **leather grain** after thermoforming.

EMBOSSING RIMINI

PRODUCT

The **sand texture** of our **embossing Rimini** (GE) has been created for the **furniture market**. Our choice of design takes its roots from the Italian **sand beaches** of the Adriatic riviera.

Its subtly structured pattern creates a pleasing soft touch and a **scratch resistant** finish when in its ABS/PMMA variation. Mostly adapted to **non-thermoformed parts**, it is however also used for **low depth parts** such as trays or softly curved machine covers.

THICKNESS

- 2 mm to 8 mm or 0,079" up to 0,315"

TYPICAL DIMENSION

- Width 250 mm to 1550 mm or 9,842" up to 61,023"
